Mika is approximately 7 months old. Mika is a very brave and loyal young man. He and his petite sister, Iris, lived on their own for many months after their mother weaned them. Each night, he and Iris would travel a long distance down a dark alley looking for food. He would always allow her to eat first. It took several attempts to trap him and his sister but they were so grateful to be off the streets that they purred the minute they were released from the trap. He is gentle, loving and wants to be petted and groomed. He loves to chase balls, feathers and begs for treats! He gets along well with other cats and has never hissed or scratched. He would love to stay with his sister, Iris, but just wants a home with lots of love.

He is in a foster home now. If you will like to meet him we do ask that you fill out an application first. You can find one online or at our shelter.
