Honey is a beautiful, large female with lots of love to give. She has the most amazing blue and brown eyes that do not necessarily photograph well. You must see how pretty they are in person! In addition to her beauty, she is so much fun to play with in the yard. She loves all toys and is great at fetching. This Texas size girl will need a 6 foot, wooden fence to keep her safe, no chainlink. Even with her size, we will not rule out apartment life for her because she loves walks and runs. She is terrific on a leash. We also have a baby pool at the shelter and Honey loves to play in it. She would most likely be a good, fun dog at the lake!

Honey loves all people, but not other dogs or cats. She has a high prey drive and must be an only pet. Please fill out an application for a Meet n Greet. All volunteers love Honey and hope that the right family will scoop her up and love her forever!
