

REBAL

Large • Young • Male • Dog
Labrador Retriever / Mixed, Tan
Born 2/13/20

Rebal is a beautiful dog with a large personality. He can show you so many different expressions just with his eyes! He is a sweetheart, but takes a minute to warm up to new people. However, once you are in his circle of trust, you are there for life! He will be the most loyal dog anyone could ask for! He enjoys walks, but we also feel that he would do great with just a yard of his own. Play time is definitely his favorite! He loves to run and play, and grab as many toys as he can find! We feel like he is a diamond waiting to be discovered and polished. He will be a great dog for active young adults or an energetic family with kids older than 12 years of age. He came to us in May of 2021 (way too long ago) POTTY TRAINED and knowing several commands. In 2022 he has worked with a trainer on leash skills, pack walking, place/training, and impulse control. He has truly made a transformation through training. If you adopt Rebal, we will include one complimentary session with our trainer! Please set up an appointment for a Meet 'n Greet. Let's find him a furever home!
