MAPLE IS PENDING ADOPTION

DOB 9/4/15

My name is Maple. I am approximately 6 years old and came to the shelter with another female, Wheaten Terrier. I was in really rough shape when I arrived. My beautiful, single coat of hair was disgustingly matted and painful. My new friends gave me makeover and a shave! I will need regular grooming every 4 to 6 weeks. Good news though. I don't shed a lot with proper care. I am still learning about love and all the kind people in my new world. Everyone keeps telling me that I am super sweet and loving!! I am a little shy, but I make up for it in cuddles. The photographer didn't even get a picture of me standing. I kept crawling into any available lap for scratches! All I need is a little time and patience to blossom into a confident, secure pet. Can you give me that chance?
