

# FRANKLIN

• Senior • Male • Dog  
Bichon Frise, White  
Born 5/10/2013

Super Senior Alert! Meet the outstanding Mr. Franklin! This precious man was found as a stray. We just don't know a lot about him. Bichons in general are pretty easy to live with. They are normally cheerful, pleasant dogs that enjoy playing games, snuggling into laps and pillows, and perching on the back of the sofa to peer out the window. If you are familiar with the breed, Bichons can be opinionated and talkative. Our little senior Frankie seems to have a lot to say! His finder did report that he was good with children in the home or visiting! Franklin has a curly coat that doesn't shed (one of the best breeds for allergy sufferers). Soon Franklin will have a well needed groom and spa day. Poor fellow is severely matted. Grooming will need to take place on a regular basis for his comfort. We think he will look like a tiny, poofy, cotton ball when his hair is coiffed! Anxious to see the makeover. Although Franklin is a doggie veteran, he is happy, spunky, and full of life. He has many great years ahead of him if he has someone to love and is loved! Are you ready for the cutest companion on the block? Please fill out an on-line application. Let's get Franklin
