American Pit Bull Terrier / Mixed, Black with White

Born 3/13/2023

You know how butter melts in a hot pan? Your heart will do the same when a cute puppy takes a nap in your lap! Meet Aladdin. His mama is a beautiful white pocket pittie with black spots. Aladdin has the exact opposite coloring of mostly black with some white pops of color. Of the three puppies, he was the most attentive while we were taking photos. He has a very sweet personality and was completely focused on us! He is a precious little guy that is ready for a home of his own. Please fill out an application on-line.

\$200 Adoption covers immunizations, spay/neuter, microchip and 1 month of Heartworm Prevention. All dogs should remain on heartworm preventative for their lifetime.
