Domestic Medium Hair, Gray, Blue or Silver Tabby

Born 1996

Special needs

This is Girlfren and no she is not a devil cat. Her eyes are actually blue. She is approximately 13 years old, her shots are current and she has been spayed and has a ID chip implanted. She is quite shy but loving when she gets to know you. Her love is always on her terms as she does not like to be held. She is very playful, likes to "stalk" anything you will drag for her. She also likes to play chase and hide and seek. She gets carsick and her litter box MUST be kept clean as she will show her displeasure otherwise.

She is in a foster home, please contact adoptions@dogkittycity.org for more info.

Girlfrien would like to have a guardian angel.
