DOB - 7/2007

Abby came in with three little kittens in 2008... and then adopted a foster family in need when her kittens were weaned. She is a special girl and deserves a special home.

Abby is a beauty, but is selective about her people. She can be sweet and loving -- or she will declare she needs her space. She may have been shooed away or swatted by a human, which shows in her guarded reaction when you reach for her. However, when she sees the touch is going to be gentle and loving, she is very responsive.

Abby wants a special human ... and she will repay this person hugely in her ability to love someone who loves her.
