

SPRING

Small • Young • Female • Dog
Terrier / Mixed, Tan
Born 06/2007

Spring was brought to Dog and Kitty City by a kind person who said she wandered up to their door in search of refuge. And, when you see how adorable Spring is, you'll wonder how anyone could have let this cutie out to fend on her own. Spring is an active pup, ready for a good game of fetch and in general running around. She likes other dogs and enjoys being with

people. She's eager to have a new owner that will give her the proper protection any dog should have along with the love that will be returned ten-fold.
