Good with cats Good with dogs Good with kids Up-to-date

Sweet little Paxton! It's a puzzle what his life must have been like. He came to our shelter in early September with a terrible case of mange, he had almost no hair! But, we dipped him (several times) and now he's 100% better, just needing his hair to grow in fully.

Paxton is such a sweet boy, he gives gentle kisses and looks sweetly into your eyes. He loves to get pets and go on walks - he walks very nicely on the leash. And, he gets along with cats.

This friendly boy needs a good home to make up for the terrible life he must have led. Can you provide that home and love to him?

Come see Paxton at Dog and Kitty City!
