Good with cats Up-to-date

DOB Aug 2008

Adorable Colette....This tiny pooch was found by a citizen in the middle of the street! She's just so itty bitty, it's a good thing she was found. This beauty appears to be a mini long haired chihuahua, but we are not sure just yet.

What we do know is that she is sweet, friendly, and full of life. She loves pets and being with people. We let her walk around all the cats at the shelter and she stays out of trouble.

The only trouble you will have with Colette is going to work every day and leaving her behind. She'll make coming home a thing to look forward to.

Come see Colette at Dog and Kitty City.
