Lady Bug is a very pretty calico girl. She is sweet but still a little shy. She does warm up though and seems to like being held once she is used to you. She has crawled into her foster's lap! She gets along well with her siblings and would probably do well with other cats. I suspect it would take her a while to be comfortable with dogs. She will be a nice pet and probably not very demanding as she entertains herself.

She is in a foster home now. If you will like to meet her we do ask that you fill out an application first online or at our shelter.
