Olive was born on 01/01/2010. She was dumped in the shelter parking lot in August, 2013. Olive has adjusted well to live in the shelter but would love to find a forever home and family.

Olive is a staff favorite and spends most of her time hanging out with them in the office. She loves to work at the computer and printer, and then find a comfortable spot on the desk to supervise all of the daily paperwork and conversation. Olive gets along with other cats but prefers the company of humans !
